The firemen's team from this city which entered the horse race at Burlington yesterday met with an accident during its run that spoiled its chances of winning. The Barre team was third to run, and its turn came just after a heavy shower, which left the street in a very slippery condition. One of the firemen, William Nelson, who was on the pole of the horse wagon, lost his footing on account of the slippery road and fell to the ground. The wagon ran over his leg, bruising it badly and laming him so that he is around on crutches to-day. When Nelson fell, he struck William Shannon, knocking him off his feet, but he held onto the pole and was dragged to the finish. With the dragging of one man and the loss of another, the team made the run within one second of the time made by the winning team, but it lost badly in making the running.

## Remnant Sale Saturday

This is our semi-annual remnant sale. These sales come January and August at the end of each season, as all remnants are laid aside for this sale. There are always lots of real bargains as we have to make prices low enough to close them out in one day, if possible. It is here that mothers find goods for school dresses, ladies' waists and skirts at but a part of what regular goods in the piece have to sell for.

#### Remnants

These Remnants come from every department in our store. There are short lengths and odd pieces from our lace and trimming department, and ribbons from our ribbon department.

Dress Goods. It is here and in the Wash Goods that the most remnants are made. In looking over these goods you will find best goods in just the right length to suit your needs, and at but a part of what you will have to pay in any other way.

There are so many uses for Wash Goods that these lengths are taken up very quickly.

There are always more or less Remnants in bleached and unbleached cottons that can be used at these remnant prices.

We will not show these Remnants to anyone until the time of sale Saturday morning; then all have the same chance.

Nothing in the above for more than half price and remnants less. Ladies' Rubbers and Regal Oxfords at less than cost to close.

#### Half Price Sale Straw Hats

All of this season's Straw Hats and Babies' Bonnets now to close at half price.

This half-price sale of Children's Straw Hats comes by having too many at the first. They are staple styles and will be as good next season, but we have no place to keep them over; so at these prices it will be a quick sale and next season will be more careful.

The most popular price for children is 50c, for at that price you can get a good straw, well sewed together, and the style is correct; now we are to sell these Hats in all shapes and with different colored straws at half price—25c each.

Babies' Straw Bonnets. These we did not have too many of, but just to close what we have will make the same proposition—half price on any one in our stock.

Please notice that all of above are at half price.

#### Ladies' Tailored Suits Half Price

After next week our Fall Suits will be coming, and as many of these Suits will be practically the same we shall mark many of these Suits up again; so don't expect anything else.

It seems sometimes very poor business on our part to take new styles in Suits and sell them at half price, just because we cannot get any more of the same material. We are so careful that customers should see all new Suits that we carry this closing out business to an extreme and question ourselves at times if it is not poor business to take so heavy a loss when in a way it is not necessary to sell the goods. What do you think about it?

When a good \$12.50 Suit sells for \$6.25, it looks as though money was being poor judgment. It surely is not the person that is buying. Unless the trade appreciates these bargains, we ourselves decide against the custom.
